

# CIDAL V

Fortify Your Defenses. Flood the Zone.

Viral challenges require sophisticated immune support—not just vitamin C and zinc.

Cidal V is an advanced 14-day intensive protocol designed to support the body's defense against viral challenges. This formula unites regenerative mushrooms (shiitake, turkey tail), ancient botanicals (astragalus, sage, lemon balm), and a full-spectrum microbiome matrix to support viral defense and restore terrain balance at the cellular level. With immune-essential nutrients and postbiotic precision, it's designed to support the body's natural viral response and rebuild resilience.

*Target viruses. Rebuild resilience.<sup>†</sup>*

Boost  
Immune Defense<sup>†</sup>

Support  
Respiratory Health<sup>†</sup>

Enhance  
Viral Resistance<sup>†</sup>

Restore  
Microbiome Balance<sup>†</sup>

Promote Recovery  
& Resilience<sup>†</sup>

## THE KHS DIFFERENCE

- ✓ **Comprehensive Immune Activation**  
Astragalus, shiitake, turkey tail mushrooms
- ✓ **Respiratory-Specific Support**  
Fermented sage, lemon balm, spearmint
- ✓ **High Soluble Ellagic Acid**  
Cellular and immune support
- ✓ **Probiotic/Postbiotic Matrix**  
AB22 + comprehensive spore blend for immune-gut axis
- ✓ **14-Day Intensive Protocol**  
For active challenges or seasonal prevention

## HOW TO USE

Adults take 6 capsules per day (3 capsules twice daily with meals) for 14 days or as directed by your qualified healthcare practitioner. May be used proactively during high-exposure periods.

## DIETARY RESTRICTIONS

Vegan, Gluten-Free, Dairy-Free, Soy-Free
