

FASTING FORMULA

BioActive Broth-Based Peptides

Fuel your fast with purpose. Fasting Formula is a clean, collagen-rich protein designed to support metabolic health, gut repair, and cellular renewal—without breaking your fasted state. With beef isolate, bone broth peptides, and eggshell membrane collagen, this formula delivers targeted amino acids and tissue-building compounds that complement autophagy and ketone production during intermittent or prolonged fasting. Designed to be gentle on digestion and low in carbs and calories, it supports gut lining integrity, muscle preservation, and detox pathways—making it the ideal partner for metabolic resets, mitochondrial health, and deep tissue repair.

Support fasting benefits. Preserve muscle. Heal your gut.[†]
