

GLYPHOSATE

Eradicate Environmental Toxins

Glyphosate exposure is near impossible to avoid—but your body shouldn't carry the burden alone. Remediate Glyphosate formula combines clinically validated probiotics like *Bacillus subtilis* AB22 (selected from 1,600+ candidates) and *S. boulardii* with trace minerals, proprietary humate extracts (Menasol™), Shilajit, and targeted organ support to help bind, break down, and clear glyphosate residues. Reinforced by NEM® for gut lining integrity, this formula goes beyond “detox” to remediate what daily food, water, and soil contamination leaves behind.

First formula specifically targeting the #1 environmental toxin.†

Support Glyphosate
Breakdown†

Protect Gut
Barrier Integrity†

Aid Detox

Restore
Microbiome Balance†

Replenish
Depleted Minerals†

THE KHS DIFFERENCE

- ✓ **AB22 *Bacillus subtilis***
Clinically-studied strain that produces enzymes supporting glyphosate breakdown
- ✓ ***S. boulardii***
Supports gut lining and microbiome balance during clearance
- ✓ **Menasol™ Humate Extract + Shilajit**
Binding and mineral replenishment
- ✓ **NEM® Eggshell Membrane**
Protects gut barrier function during detox
- ✓ **Liver + Kidney Peptides**
Strengthens natural detoxification pathways
- ✓ **Practitioner-Exclusive**
First formula addressing glyphosate accumulation specifically

HOW TO USE

Adults take 3 capsules daily with meals or as directed by your qualified healthcare practitioner. Can be used continuously or in 30-90 day cycles.

DIETARY RESTRICTIONS

Gluten-Free, Dairy-Free, Soy-Free
